## Harp Guitar Foundation Matching Gift Commitment a Win-Win

Long-time Harpguitars.net member and Harp Guitar Foundation Patron, Michael Schreiner, once publicly made a comment along the lines of “Where *else* can you see your investment doubled?”

Where, indeed? He was referring to a Matching Grant Fund Drive we ran a few years ago. The extremely generous matching funds came from Ed Littlefield’s Sage Foundation, and helped to pay bills and fill the coffers to help get us through a couple more Gatherings.

Since our last fund drive in 2015, donations continued to come from many who appreciate and love the harp guitar (significant donors during this period are listed below). These funds helped make the 15<sup>th</sup> Anniversary Harp Guitar Gathering® a once-in-a-lifetime event, along with the “Floating Strings” exhibit, and as the host, I take particular pride in the success of those two experiences.

And now, big news! To all of you below who made donations in 2016 and 2017: your continued contributions were again matched by the Sage Foundation to the tune of \$18,500.00. Now we must thank you again for your continued support!

So, now there is twice the reason to make a donation to support the Foundation for the future and our work on Harpguitars.net and the Gatherings – as these donations may garner additional matching funds in the future. Thank you in advance for your continued support and a heart thanks to Ed for his generosity in matching our funds!
